3 Accommodation:

There's an appartement (2x1 person or 1x2 persons) with cooking facilities and its own shower room/WC available in the house, and a single bedroom, both of them furnished.

There are also two camping sites for a tent or a camper on site. A shower room/WC is provided. The kitchen can be used by all participants to prepare small meals and the breakfast. According to mutual agreement, meals can also be organised for the whole group, throughout the course or occasionally, and will be based on cost sharing.

For those desiring a bit more comfort in their 'holidays', a hotel room, a holiday flat or a camping site can be arranged.

I am cooperating with the following local places:

- The ["Le Saint Cyr"](#) hotel - 3km from Sizain - where you can make your booking directly with Nelly and Frederic Bontain. As a participant of my course, you will get a 'Forfait Stage' which means, that breakfast is included in the price. Prices per night for a well-equipped room are 49.-€ or 341.-€/week. For each additional person per room, an extra amount will be charged.

- The ["Chateau de Montrouant"](#) - 3km from Sizain, owned by Jean-Michel Gruel, provides holiday flats and camping sites. 20-25.-€/night will be charged for 2 persons or per tent or camper. Furthermore, there is a bedsit available for 405.-€/week, as well as a 2-bedroom apartment for up to 4 persons for 450.-€/week and one 3-bedroom apartment for up to 6 persons for 525.-€/week. All apartments are equipped with a kitchen, lounge and bathroom/WC and are furnished in a simple but comfortable way. All the rooms are non-smoking.

If you do agree to share an apartment with one or several other course participants, the accommodation costs may be reduced. Please indicate your preferences in your inquiry/registration form.

Amongst other spare time possibilities, you may take a dip in the local swimming pool or try your luck at the fishing lake.

Montrouant also have their own organic vineyard.

It is recommended to travel by car, only considering the weight of the stone sculpture - approximately 30-80kg!
Sizain is accessible by train via Macon (TGV) Lyon/La Clayette.
Lyon can easily be reached by airplane as well.
In any case, I could arrange to have you picked up in Macon or La Clayette.
